FOR IMMEDIATE RELEASE
JUNE 20, 2022

VIROX TECHNOLOGIES PARTNERS WITH THE STEVENS COMPANY TO DELIVER SUSTAINABLE AND EFFECTIVE DISINFECTANTS TO THE COMPANION ANIMAL SECTOR

Virox Technologies, the maker of Prevail disinfectants and the manufacturer of some of the world's safest, most effective, eco-friendly disinfectant chemistries, is pleased to announce a new partnership with The Stevens Company. Effective from June 20th, 2022, The Stevens Company and their Veterinary Products division is appointed as the new master distributor of Prevail disinfectants to the companion animal sector.

Established in 1830 and proudly Canadian since 1874, The Stevens Company is a leading Canadian supplier to healthcare facilities and adjacent markets such as the veterinary segment. They have six distribution centres located in Brampton, Vancouver, Calgary, Winnipeg, Halifax and Montréal.

“Our team is incredibly excited to expand our long-standing relationship with The Stevens Company to include joint efforts to improve infection prevention in Canadian veterinary practices, animal shelters and pet boarding facilities” comments Executive Vice President – Commercial Markets at Virox, Lee Nesbitt. ***“As one of the largest medical supply distributors in Canada, their extensive expertise in healthcare solutions and over 190 years of experience will be an incredible asset not only to Virox but the customers and users of Prevail disinfectants.”***

For more information on the complete range of Prevail disinfectant products, contact The Stevens Company:

About Prevail

Our uniquely formulated products are ideal for agricultural facilities to stop the spread of disease and prevent outbreaks while remaining gentle on animals, users, and the environment. Our superior disinfectants lower the risk of contagion while being safer on users, animals, and equipment.

About The Stevens Company

Established in 1830 and proudly Canadian since 1874, The Stevens Company continues to be a pillar in Canada's healthcare community. Still owned and operated by the Stevens family, The Stevens Company is Canada's only Canadian owned full line distributor. We proudly partner with over five hundred manufacturers to service the needs of our customers. Our six distribution centres are located in Brampton, Vancouver, Calgary, Winnipeg, Halifax and Montréal and our most valuable resource, our people, work to distinguish our organization through their commitment to service.

About Virox Technologies Inc.

Virox Technologies Inc.™ is a disruptive chemical engineering and disinfectant innovator who set a new standard in disinfection in 1998 with the patented technology, Accelerated Hydrogen Peroxide®. Since then, we have continued to innovate and deliver the world's safest, most effective, and eco-conscious disinfectants and elevate the understanding of proper disinfection and infection prevention. Our trusted technologies and products are relied on in more than 70 countries across human and animal health industries, eliminating dangerous pathogens and providing a safer and greener alternative for people, animals, and the planet.
